1. Talk to *Merito*. He is located at the top floor of Geffen Tower.

Exp: 5/30

Attack User

2. When he'll ask you what made you want to be a sorcerer, you can answer with any of the options EXCEPT the last one. Then he'll ask for your name. Select **Write name.** option.

[Merito]

What made you want to be a sorcerer?

The spirit of fire led me here.
The spirit of water led me here.
The spirit of earth led me here
The spirit of meat led me here.

OK

CANCEL

[Merito]

Hmm... Then first, can you write down your name on this list?

Write name.
I won't.

OK

CANCEL

3. Talk to him again and when he asked you if you know the difference between Sorcerers from other magical jobs, select the highlighted one on the picture below.

[Merito]

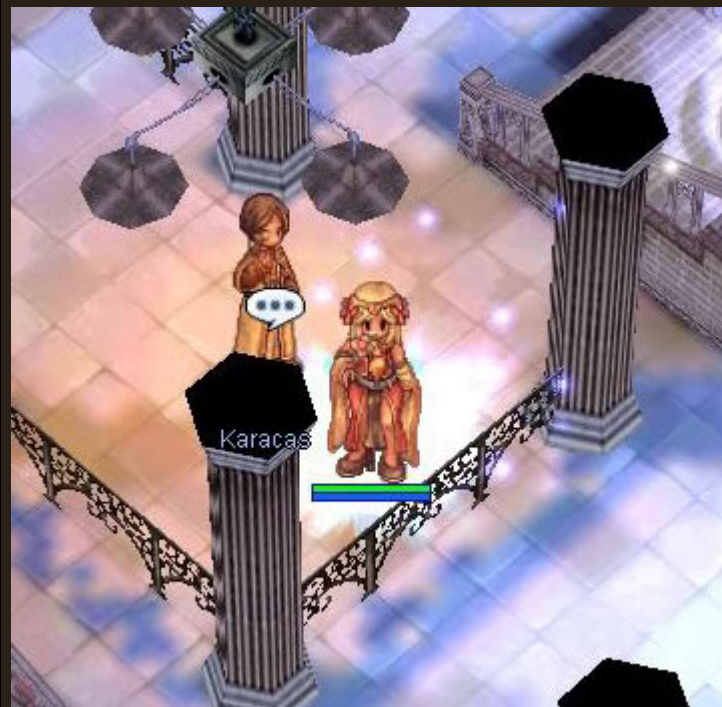

Okay, that should be obvious.
Of course, Sorcerers use magic,
too. But, do you know the main
difference Sorcerers have from
other magical jobs?

They know how to sing.
They're all old fogies.
They can deal with the spirits.

OK

CANCEL

Then **take the test** if he ask you what you're going to do. He'll tell you to go to *Karacas*. He's 3 floors below the top.

4. Talk to him and he'll tell you to bring...

[Karacas]

3 Wind of Verdure.

3 Crystal Blue.

3 Red Blood.

3 Green Live.

NEXT

5. When you gave him the materials he'll tell you to go to 4 different dungeons to communicate with the spirits.

[Karacas]

1. 1st floor of Ice Cave

2. 1st floor of Thor Volcano

Dungeon

3. 3rd floor of Mjolnir Dead Pit

4. 2nd floor of Kunlun Dungeon

NEXT

He'll tell you to collect reagents from the spirits found on the said dungeons.

NOTE: You only have to collect 3 reagents.

6. Collecting time! Find the *Spirit Detecting Staff* in the said dungeons. Click to it to gather the reagent.

I honestly don't know if you have to visit the dungeons in correct order but I think not.

NOTE: You need 3 of the elemental stones to communicate with the spirits. Getting the reagents is only a CHANCE! If you fail to get it, you'll lose 3 stones. You can repeat it though so you have to have more of that stone, not only 3. Depends on your luck actually, but I suggest you bring about 50 stones each element. There's also an instance when you'll get pure elemental stone when trying.

And here are the reagents you will collect.

NOTE: If you have 3 reagents, you won't get any extra.

Here are the dialogues you might get when you're collecting. There's another one but I forgot to screenie it. Sorry. 🙄

You used the property stones but it looks like you failed to communicate with the spirits.

Fail

You got the reagent by communicating with the spirits.

I don't know if you'll get a random reagent in each dungeons. I got my Black in ID, my Clear in Thors, and my Red in Coal Mines. I just visited Kunlun for screenie purposes and to see if I can get an extra. XD

7. Once you have the 3 regeants, go back to *Karacas* and talk to him. Congratulations! You're now a Sorcerer! 😊

He'll also give you **Wind Whisper[1]** and **Green Apple Ring**.

****Corrections, suggestions, and additional infos are very much welcome! 😊**

***** Special thanks to those AB warping me. XD**
